CK-1G1 Promotion-On-Hold Adapter (For 2-9451)

Introduction

Thank you for purchasing the Skutch CK-1G1 Promotion-On-Hold Adapter for the 2-9451 four line telephone. The CK-1G1 is a true plug and play device. The unit does not require any "Learning" to operate. When a call is placed ON HOLD from any GE 2-9551 phone the ON HOLD caller will hear the Promotion-On-Hold audio. When the line is re-answered, the audio automatically stops. It's that simple!

Loss of Dual Color Line Indicator Lights

The GE 2-9451 telephones provide dual color LINE lights (RED/GREEN). When the CK-1G1 is used you will only have one color (RED) LINE light indication ONLY on the telephone that the CK-1G1 is connected to.

Installation

1- Position the CK-1G1 box under the base telephone with the jacks facing towards the back of the phone as per Fig. 1.

Fig. 1

- 2- Connect the short modular cord from [1&2 Phone on CK-1] to [LINE 1&2 on Phone].
 - 3- Connect the short modular cord from [3&4 Phone on CK-1] to [LINE 3&4 on Phone].
 - 4- Connect the audio cord from your music source, to the AUDIO IN jack on the back of the CK-1 box. NOTE: If you are using a Digital Player, then use the audio cord that came with your digital player. On this cord both ends have the same type of connector.
 - 5- Connect a MOD cord from Telephone Wall Jack 1&2 to [1&2 Line on CK-1].
 - 6- Connect a MOD cord from Telephone Wall Jack 3&4 to [3&4 Line on CK-1].
- 7- Locate the CK-1G1 DISPLAY BOARD, peel off the paper protector from the bottom of the foam, and carefully align it as shown in FIG. 2. Once it is aligned properly, lightly press down to attach it to the telephone.

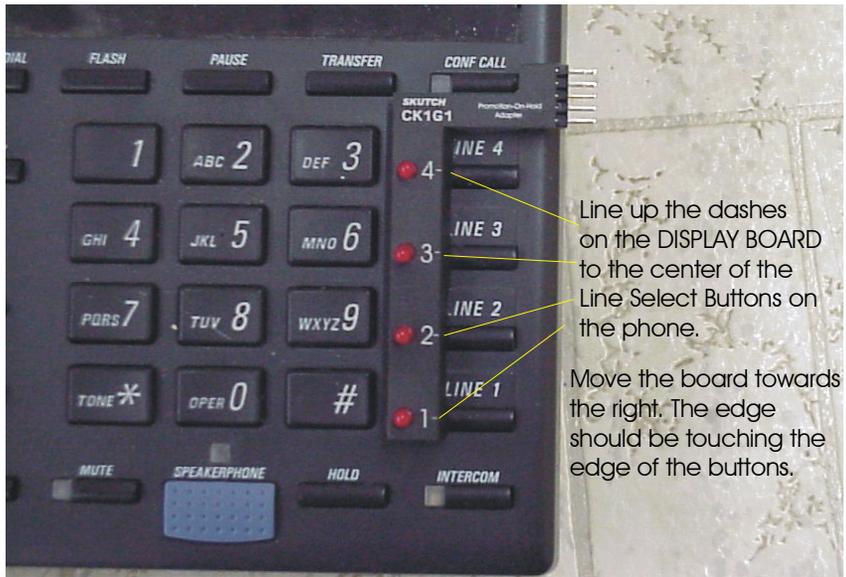

Fig. 2

Line up the dashes on the DISPLAY BOARD to the center of the Line Select Buttons on the phone.

Move the board towards the right. The edge should be touching the edge of the buttons.

- 8- Connect the Display Cable from the CK-1G1 Black Box to the Display Board that is mounted telephone. See FIG. #3.

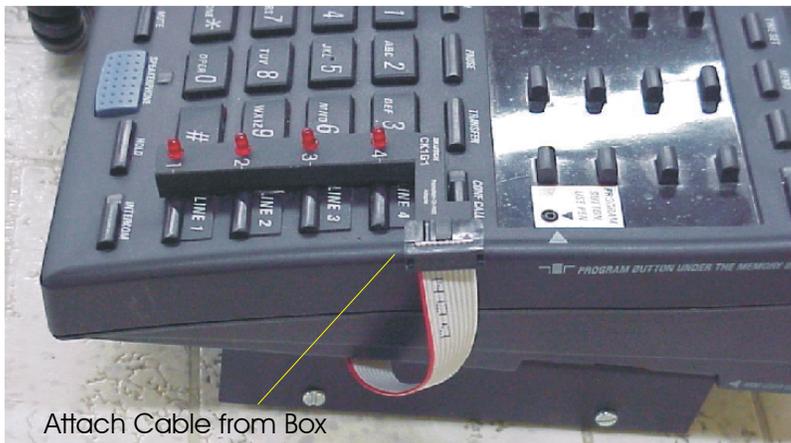

Fig. 3

Attach Cable from Box

11- Connect the POWER CUBE from the CK-1 box to 115VAC power. That's it!

Testing the System:

1- Pickup line 1 on your telephone. The line one LED on the CK-1G1 Sensor should light up.

2- Repeat this test for lines 2-4. If all lines light up when picked up, the CK-1 is working properly. If any light does not light up, then

- a) Make sure that the CK-1G1 and Phone is connected to power.
- b) Make sure that the DISPLAY BOARD is aligned properly.

Lights on CK-1 Box.

When you place a line on HOLD, the corresponding LED on the rear of the CK-1G1 box lights up to confirm the Promotion-On-Hold condition.

Using Other models of telephones

The CK-1G1 will ONLY provide Promotion-On-Hold audio when a call is placed ON HOLD from the GE 2-9450 or 2-9451 telephones. Other models of telephones will not clear the HOLD condition on the 2-9450 and/or 2-9451 telephones, and Promotion will not cut off when another model attempts to pick up a HOLDING call.

Tech Support - 916-786-6186

If you have any problems getting the unit to work properly feel free to give us a call. Technical Support is available between the hours of 7:30 AM and 4:30 PM Pacific Time, Monday through Friday.

• ONE YEAR LIMITED WARRANTY

This SKUTCH PRODUCT is warranted against defects for a period of one (1) year from the date of the original invoice. Within this period, we will repair it without charge for parts and labor. To obtain warranty service the product must be returned, at the customer's expense, to SKUTCH Electronics along with a copy of the original invoice. After the unit has been repaired, SKUTCH will ship the PRODUCT back via UPS GROUND service at our expense. If any other form of return shipment is requested, the customer will pay for 100% of the shipping cost.

This Warranty does not apply if in the sole opinion of SKUTCH Electronics, the PRODUCT has been damaged by lightning or any other Acts of God, or by accident, misuse, neglect, or improper packing, shipping, modification or servicing by other than an authorized SKUTCH Service Center.

EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT, THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND IN NO EVENT SHALL SKUTCH ELECTRONICS BE LIABLE FOR LOSS OF PROFITS OR BENEFITS, INDIRECT, SPECIAL, CONSEQUENTIAL OR OTHER SIMILAR DAMAGES ARISING OUT OF ANY BREACH OF THIS WARRANTY OR OTHERWISE.
